## Chapter 1 Introduction

### 1-2. References

Related publications are listed in **appendix A**.

### 1-3. Explanation of abbreviations and terms

The term, State(s), includes the 50 States, Puerto Rico, the Virgin Islands, Guam, and the District of Columbia. Additional abbreviations and terms used in this regulation are listed in the **glossary**.

### 1-4. Responsibilities

#### **a. National Guard Bureau (NGB).**

(1) **Director, ARNG.** The Director, ARNG is responsible for the overall development and management of warrant officers of the ARNG.

(2) **Personnel Directorate (NGB-ARP).** The Personnel Directorate is the agent for the Director, ARNG, and provide technical guidance on the overall development and management of warrant officers of the ARNG. Approves modifications to warrant officer programs, and authorizes valid changes made by the States. No changes are authorized to be made by the States unless written approval from NGB has been received.

#### **b. State Activities.**

(1) **State Adjutant General (AG).** The State AG will manage and develop warrant officers at the State level.

(2) **State Director of Personnel.** The State Director of Personnel serves as manager of warrant officers at the State level on behalf of the State AG. Duties include overall control of assignments and utilization of warrant officers and performs personnel actions required to support established policies.

### 1-5. Policy

The Officer Personnel Management System (OPMS) and policies through which the ARNG manages the warrant officer corps must result in providing warrant officers who are dedicated, competent, proficient officers/technicians, and aggressive leaders with high morals and integrity. The profession of arms requires a strong professional and ethical warrant officer corps capable of making the decisions needed to sustain the excellence of the warrant officer ranks. Personnel actions taken as a result of the policies prescribed herein will be made without regard to race, color, religion, gender, or national origin. Special exceptions for classification and assignment of female warrant offi-

cers are contained in AR 611-112 and paragraph 4-4c of this regulation.

### 1-6. Rank relativity

Warrant officers of the ARNG, when not in Federal service, rank among themselves according to the laws of the State in which appointed. When warrant officers of the ARNG enter on active duty or active duty for training under any provisions of law, will rank among warrant officers of the same grade who are on active duty according to provisions of AR 600-8-29.

### 1-7. Powers and duties

Unless contrary to State law and regulations, warrant officers are vested with the powers and duties as prescribed in AR 611-112.

### 1-8. Commissioning of Chief Warrant Officers

**a.** A warrant officer appointment or promotion as a Chief Warrant Officer is made by commission in accordance with Title 10, United States Code, Section 12241(b).

**b.** Execution of the Oath of Office, Department of the Army (DA) Form 71, constitutes acceptance of commission. A new Oath of Office, DA Form 71, is not required for subsequent chief warrant officer promotions. Effective date of commission will be the date of initial appointment as a Chief Warrant Officer or promotion to that grade, regardless of when the actual Oath of Office was administered. Failure or refusal to accept a commission is cause for immediate separation from the ARNG (see Chapter 10, this regulation).

**c.** The DA Form 71 is to be completed by placing an "X" in the "Reserve Commissioned Officer" box. The completed form must be forwarded to CNGB, ATTN: NGB-ARP-CO. State commissioning orders are not required. Commissioning action requires a separate entry on Personnel Qualification Record - Part II (DA Form 2-1), item 18 by entering "COMMISSION" in component column, and completing the grade and dates columns.

**d.** Officers flagged or pending flagging action IAW 600-8-2 will not be commissioned until the flag has been removed.

### 1-9. Exceptions

Exceptions to this regulation will be considered on an individual basis. They will neither be considered as a precedent for changes in policy, nor blanket approval of future requests. The Chief, National Guard Bureau, has the authority to approve exceptions to this regulation that are consistent with applicable laws and regulation. The Chief, National Guard Bureau may delegate this authority to the Director of Personnel, ARNG.

## Chapter 2 Appointments

**2-1. General.** Warrant officers of the ARNG are appointed by the States in accordance with the Constitution of the United States, Section 8, Article 1. These appointments may be Federally recognized by the Chief, National Guard Bureau, under such regulations

as the Secretary of the Army may prescribe and under the provisions of this regulation.

## 2-2. Federal recognition

In order for a warrant officer to be concurrently appointed as a Reserve warrant officer of the Army, the State action must be federally recognized. Federal recognition is the process which ensures that officers appointed by the States meet the qualifications required for service in the Federal armed forces.

## 2-3. Temporary Federal recognition

*a.* Temporary Federal recognition may be extended to an officer who has been found qualified by a Federal Recognition Board (FRB) for appointment in the ARNG of a State pending receipt of permanent Federal recognition and appointment as a Reserve officer of the Army. Temporary Federal recognition may be withdrawn when necessary at any time. Unless sooner withdrawn or official orders issued granting permanent Federal recognition, temporary Federal recognition will automatically terminate six months after the effective date of the State appointment (Title 32, United States Code, section 308). However, should the initial period of temporary Federal recognition expire due to administrative processing delays, through no fault of the applicant, a subsequent Federal Recognition Board must be convened to consider granting another six months period of temporary Federal recognition.

*b.* Temporary Federal recognition is not applicable to the following:

- (1) Army Reserve warrant officers in the same grade and MOS.
- (2) ARNG warrant officers transferring between States in the same grade and MOS.
- (3) ARNG warrant officers transferring from the Inactive National Guard.

## 2-4. Appointment Policy

*a.* The appointment of warrant officers in the ARNG is a function of the State concerned. Upon appointment in the ARNG of a State and subscribed to an oath of office, a soldier assumes a State status under which to serve. Such a soldier acquires a Federal status when they are Federally recognized by the Chief, NGB, and appointed as a Reserve of the Army.

*b.* The effective date of Federal recognition is the date the warrant officer executes the Oath of Office, NGB Form 337.

*c.* Federal recognition will continue in effect as long as the warrant officer continues to meet the requirements of the grade and position, or until recognition is withdrawn in accordance with regulations or as otherwise required by law.

*d.* Chapter 9 of this regulation outlines the personnel actions requiring examinations for Federal recognition and for the conduct of a Federal Recognition Board.

## 2-5. Appointment as a Reserve Warrant Officer of the Army

Warrant Officers who are federally recognized in a particular grade and branch shall be tendered an ap-

pointment in the same grade as Reserve warrant officers of the Army with assignment to the Army National Guard of the United States (ARNGUS), as provided in Title 10, United States Code, Section 12211. A Reserve appointment is for an indefinite period and is not contingent upon continued Federal recognition (Title 10, United States Code, Sections 12211 and 12213).

*a.* Under such regulation as the Secretary of the Army may prescribe, warrant officers who have status as a Reserve Warrant Officer of the Army with assignment to the ARNGUS may be transferred in grade to the United States Army Reserve (USAR). This action requires the consent of the Governor or other appropriate authority of the State, Puerto Rico, Virgin Islands, Guam, or the District of Columbia National Guard, as applicable. Unless an ARNGUS warrant officer is discharged from the Reserve of the Army concurrent with withdrawal of Federal recognition IAW pertinent regulation, the officer will become a member of the USAR upon separation from the ARNG.

*b.* Non-prior service applicant appointed in the ARNG as a warrant officer incurs a military service obligation IAW AR 135-91.

## 2-8. Predetermination

**a.** DA MOS proponent certification is required for MOS classification of Technical Service Warrant Officers. (Applicants for rated aviator training are exempt from the predetermination requirements). Prior to entry into the Warrant Officer Education System, the applicant for technical warrant officer appointment must submit a predetermination packet through the TAG to CNGB, **ATTN:** NGB-ARP-CO, requesting a DA MOS proponent review of the applicant's technical qualifications. Unless otherwise delegated herein, all requests for waiver which require a decision by the CNGB or higher authority, will be forwarded to NGB-ARP-PO for the following conditions. See also, paragraph 2-16 of this regulation.

*a.* Former conscientious objectors. A former conscientious objector will be required to furnish an affidavit expressing abandonment of such beliefs so far as it pertains to an unwillingness to bear arms, and to give full and unqualified military service to the United States.

*b.* Applicants with a record of prior military or civil conviction(s) as follows:

(1) Soldiers who have been adjudged youthful offenders or have a record of conviction(s) of any type of military or civil court, excluding minor traffic violations involving a fine or forfeiture of \$300 or less.

(2) Conviction(s) of a felony under local, Federal, or military law.

(3) Conviction(s) resulting in a sentence to confinement in prison, stockade, or detention area or in a sentence to hard labor.

(4) Conviction(s) involving moral turpitude.

(5) Conviction(s) of Driving While Intoxicated (DWI) or Operating Under the Influence (OUI).

*c.* Persons previously discharged for dependency or hardship. A person previously discharged from any of the Armed Forces of the United States for hardship or dependency may not be accepted for appointment,

unless it has been determined by investigation conducted by the unit commander that the reasons for discharge no longer exist. A copy of the applicant's affidavit, giving reasons for discharge, how they have been overcome, and that the applicant will be available in the event of emergency, will be included in the request for waiver. Waiver authority is delegated to the State Adjutant General.

*d.* Persons who were previously separated from any component of the Army because of failure to complete any required military education or course within the time frame prescribed. This information may be obtained from DD Form 214 (Report of Separation), or from historical data in the Army Training Resources and Requirements System (ATRRS).

*e.* Persons unable to complete 20 years of creditable service for retirement or retired pay prior to mandatory removal from an active status as prescribed by NGR 635-100. Waiver may be considered upon demonstration that an applicant possesses truly outstanding qualifications. Waiver authority is delegated to the State Adjutant General. Applicant must sign a statement of understanding (see figure 3-4) that 20 years of creditable service for retirement cannot be achieved before reaching mandatory removal date. Signed statement must be included with appointment packet forwarded to NGB for inclusion on OMPF.

*f.* Applicants exceeding the maximum age limits. Waiver may be considered under the conditions stated in paragraph 2-7b(3) and (4) of this regulation.

*g.* A regular Army warrant officer on the Active Duty List (ADL), with less than 20 years of Active Federal Service (AFS) who is discharged for being twice non-selected for ADL promotion or who resigns in advance of such a discharge.

*h.* A soldier previously discharged or separated for unsatisfactory participation, or for personal or medical reason(s). After one year from date of separation, an applicant may be considered for reappointment if the barrier(s) have been removed. The applicant must prove conclusively that a valid reason for having been separated are no longer an obstacle and agree in writing to participate actively if reappointed.

*i.* Commissioned and former commissioned officers and USAR warrant officers of the U.S. Armed Forces twice non-selected for promotion by a Department of the Army or Reserve selection who have been predetermined by a DA MOS Proponent to be fully qualified in the applied for MOS, without further training.

## **2-16. Waiver**

*a.* All requests for waiver which require a decision by the CNGB or higher authority will be forwarded through the appropriate State Adjutant General. A copy of the approved waiver by the CNGB or State Adjutant General will be included as an enclosure to the appointment packet submitted to the Federal recognition board.

*b.* Decisions on all personnel actions considered under this chapter will be made after a complete review of the entire record of the applicant. The requesting commander's recommendation must include favorable evidence of the applicant's military and civilian education, character, civilian employment status, and

financial responsibility. Discriminators, such as a record of indebtedness, questionable character traits, nonjudicial punishment, history of problems with civilian employment, and lack of substantive support by the chain of command will lessen the chances for approval.

c. Applicants requiring waivers are not permitted to appear before a Federal Recognition Board prior to receiving approval of the requested waiver.

d. A waiver of disqualifications other than those authorized in paragraph 2-15 may only be granted by the Secretary of the Army or his/her designee. Waiver requests will, among other factors, be based on the recommendation of the CNGB through HQDA, DCSPER. All waiver requests will be submitted through command channels. The waiver must be fully justified as being in the best interest of the Army. The waiver request must clearly document the applicant's experience and professional qualifications that uniquely suit the position to which appointment is requested.

e. Waiver requests for prior convictions will be considered only if the applicant's current conduct and character are above reproach. The potential value of the applicant's service as a warrant officer must be considered as very high. Requests will be submitted to NGB-ARP-CO and must be supported by a completed NGB Form 62, up to 1st Endorsement; official court documents citing the offense, court action, judgment rendered; and a statement of circumstances from the applicant.

f. Requests for medical waivers will be submitted with all supporting medical documents to NGB-ARP-H.

#### 2-17. Certificates of Eligibility

a. In order that ARNG soldiers for whom there are no position vacancies may be examined to determine their fitness for future appointments, The Adjutant General may accept an applicant's request for a Certificate of Eligibility, NGB Form 89a.

b. Each application will consist of the records and documents prescribed in Chapter 3 of this regulation except for the appointment order and oath of office. Applicants will not appear before a Federal Recognition Board (FRB) until evidence of a favorable National Agency Check (NAC) is received by The Adjutant General. If found qualified by the FRB in all respects except for position vacancy for a particular grade and MOS, the report of board proceedings and allied papers, to include evidence of a secret or higher security clearance based on a favorable NAC (or other investigation as prescribed by AR 380-67) in initial appointment cases, will be forwarded with appropriate endorsement by the Adjutant General to NGB-ARP-CO.

c. A Certificate of Eligibility, NGB Form 89a, is effective for two years, unless an earlier expiration date is specified on the certificate and provided the holder thereof remains otherwise qualified. If during the certificate period, The Adjutant General should appoint the holder of the certificate to a position vacancy in the grade and for the MOS indicated on the certificate, a request for Federal recognition will be forwarded, accompanied by an appointment order and an Oath of office, NGB Form 337, to NGB-ARP-CO. Medical ex-

aminations submitted with these applications for Federal recognition must be completed within the preceding 24 months. The CNGB will extend Federal recognition effective the date of appointment in the ARNG when each requirement contained herein has been fulfilled.

d. Reissue. Upon expiration, a NGB Form 89a may be reissued through the same procedure as provided above, except that the required records and documents may be limited to a current medical examination and the report of board proceedings. If the applicant requires any additional waivers for conditions occurring subsequent to the issuance of the last certificate, it must be requested as outlined in paragraphs 2-15 and 2-16 of this regulation. Subsequent waivers must be approved before reissue of NGB Form 89a occurs.

## Chapter 4 Assignments/Reassignments/Retentions

### 4-1. General

The assignment, reassignment, retention and utilization of warrant officers of the ARNG, other than those on active duty under Title 10, United States Code, is a function of the State concerned. State Adjutants General and personnel managers must follow management principles of the appropriate Army and NGB regulations, MOS assignment criteria, and the needs of the Army.

### 4-2. Order to Active Duty

#### a. Warrant officers of the ARNG

Warrant officers of the ARNG may be ordered to active duty without being on the active duty list or under the strength accountability of the Active Army under various provisions of law. This paragraph provides guidance to the States on how to account for such officers.

**b. Assignments.** In time of peace, a warrant officer of the ARNG who is ordered to Federal active duty under Title 10, United States Code, other than for training, for a period in excess of six months shall be transferred to and carried as an additional officer of the Headquarters, State/Territory/District Area Command, as applicable, for the period of such active duty. Upon release from active duty, the officer may continue to be carried as an additional active status officer of the appropriate Area Command headquarters for a period not to exceed six months.

**c. Disposition of warrant officers.** Upon termination of the six month period after separation from Federal active duty, such additional active status warrant officers who have not been assigned to a MTOE or TDA position vacancy will be subject to termination of their Federal recognition by the Chief, National Guard Bureau and transferred to the USAR or the Inactive National Guard. Requests from State Adjutants General to the Chief, National Guard Bureau for extensions are limited to instances where assignment to an authorized position is imminent or when all other alternatives have been exhausted and the results would cause a severe injustice or extreme personal hardship.

### 4-3. Assignment policies

The State Adjutant General is the approving authority for warrant officer assignments unless otherwise indicated below.

**a. Technical Warrant Officers** will be assigned to fill authorized warrant officer MTOE/TDA positions in federally recognized units of the Army National Guard provided the warrant officer is MOS proponent certified in the MOS for which the vacancy exists or the warrant officer can qualify for certification within two years of assignment.

**b.** Subject to the command and staff limitations of AR 611-112, authorized company grade aviator positions in MTOE/TDA units of the Army National Guard may be occupied by rated warrant officer aviators, provided qualified company grade officers are not available and all other rated MTOE/TDA warrant officer positions in the unit are filled. When a rated company grade officer becomes available, warrant officer(s) fil-

ing these positions under this policy will be immediately reassigned.

**c. Aviation Warrant Officers.** For assignment to a rated aviation position vacancy, and to remain so assigned, or considered for promotion in an aviation position, a warrant officer must be qualified as an Army aviator, or, if not currently qualified, must become qualified within two years of appointment as a warrant officer.

**d.** Warrant officers may be reassigned or transferred to other MTOE/TDA warrant officer positions without Federal recognition board action if there is no change of DMOS.

**e.** Technical Warrant Officers should serve in warrant officer positions according to MTOE/TDA rank coding. The Warrant Officer Education System (WOES) provide warrant officers with performance-based certification and qualification training. WOES trains and develops warrant officers for progressively more difficult and complex assignments. It is recommended that warrant officers be assigned progressively within the rank structure of MTOEs/TDAs along with promotion potentials. For the assignment limitation of warrant officers in grade of CW5, see paragraph 4-4d of this regulation.

**f.** Warrant officers may be assigned to positions for which they are not MOS qualified provided proponent certification in the new MOS is obtained within two years of assignment. This exception only applies when the unit of assignment is under reorganization or an MOS is redesignated in accordance with paragraph 6-4 of this regulation.

**g.** Prior to approval of this paragraph's assignment exceptions, the State Adjutant General will:

(1) Assure that there are no qualified warrant officers within commuting distance of the vacancy eligible for assignment.

(2) Coordinate with Commander, ARPERCEN, to provide a list of qualified USAR warrant officers in the geographical area eligible to fill the vacancy.

**h.** The State Adjutant General will review annually the progress of MOS proponent certification training of warrant officers assigned under this paragraph to ensure completion within the specified time frame.

**i.** Warrant officers failing to obtain MOS proponent certification within the specified time frame will have their State appointment terminated under paragraph 10-2a(12) and 10-2a(17) of this regulation, until superseded by NGR 635-100.

### 4-4. Limitations of assignments

**a.** Former members of the Peace Corps will not be assigned duties in the military intelligence field that would preclude their use in the event of mobilization.

**b.** Soldiers assigned as military police criminal investigators and laboratory technicians must be eligible for accreditation as prescribed in AR 195-3.

**c.** The restriction on classification and assignment of female warrant officers specified in AR 611-112 and AR 600-13 are applicable to the classification and assignment of female ARNG warrant officers.

**d.** A Chief Warrant Officer Five, will not be transferred, assigned or reassigned to a position not MTOE/TDA rank coded as CW5/MW, unless the CW5

position is eliminated due to a unit reorganization. Fully justified requests for a Chief Warrant Officer Five, to be transferred, assigned or reassigned to a position rank coded lower than W5 must be submitted to the CNGB, ATTN: NGB-ARP-PO, for approval consideration.

e. The provisions of NGR 614-1 apply to the transfer of soldiers to and from the Inactive National Guard.

#### 4-5. Operational Special Forces

Authority to assign Lieutenants to vacant warrant officer positions in operational Special Forces units is withdrawn. Officers who are so assigned should be considered for reappointment as warrant officers.

#### 4-6. Assignment of Warrant Officer Candidates (WOC)

This policy does not apply to soldiers serving on active duty, on AGR tour, or full-time National Guard duty under Title 10, United States Code. Their utilization and assignment are governed by the provisions of NGR 600-10.

a. Upon being determined by the MOS proponent as technically qualified to enter certification training and being found to meet all of the appointment criteria by a Federal recognition board, the State will appoint the applicant as a WOC.

(1) The appointment order will indicate "Appointment as a Warrant Officer Candidate" and "WOCS must be completed within two years of appointment as a Warrant Officer Candidate."

(2) Code 09W00 will be used as primary and duty MOS to report and identify enlisted soldiers appointed as warrant officer candidates (AR 611-201, Chapter 7).

b. Warrant officer candidates may be assigned and perform duties in one of the following positions for which selected.

(1) In the vacant warrant officer position.

(2) As overstrength in a currently occupied position projected to be vacated within two years.

(3) Remain in current enlisted position until successful completion of Warrant Officer Candidate School and appointed as a warrant officer.

c. A Warrant Officer Candidate who is not appointed as a Warrant Officer upon successful completion of WOCS, will immediately remove all W.O.C. insignia's, and be reverted to the enlisted designation and grade previously held.

d. The special MOS reporting code 09W00 will be withdrawn for those WOCs who fail to successfully complete the training required for appointment as a warrant officer within two years of appointment as a WOC. The soldier will be redesignated in the previously held PMOS, re-designated to the enlisted grade held prior to appointment as a WOC, and assigned to a position appropriate to the soldier's PMOS and grade. If a position is not available, overstrength status is authorized for a period not to exceed six months for the purpose of locating a position.

#### 4-7. Additional TDA assignment policies

The ARNG Officer Strength Management memorandum establishes the policy on the management of war-

rant officers assigned to temporary additional TDA positions at Headquarters, STARC. This memorandum is published by NGB-ARP-PO and must be reviewed before requesting additional TDA positions.

#### 4-8. Retention policy

Effective 1 October 1996, unless retired under other provisions of law or regulations, warrant officers who are qualified for retired pay at age 60, (10 U.S.C. 12731), may be retained in an active status until they attain 62 years and 2 months of age, (10 U.S.C. 12308).

a. Warrant Officers in the Retired Reserve or on the Retired List are not authorized restoration to an active status.

b. To be considered for retention, the warrant officer must not have applied for or been granted retired pay.

#### 4-9. Retention criteria

In order to be retained, the MOS of the requesting officer must be a MOS determined by the TAG, to be critical to the total Army mobilization requirements and to the tactical readiness of the unit of assignment. The officer must be deployable, meet all retention medical fitness standards of AR 40-501, and meet the body composition standards of AR 600-9.

#### 4-10. Retention procedures

a. Commanders will advise eligible officers under their jurisdiction who indicate a desire to be retained.

b. An application from the officer must be in letter format and sent through, and endorsed by his or her chain of command (including parent State AGs for T-10 AGR officers) to arrive at NGB-ARP-PO not later than 120 days before the officer's 60th birthday. The request for retention must include all of the following:

(1) Statement that retention is requested under the provisions of Title 10 USC 12308 and 1164, and this regulation.

(2) Documentation verifying that the officer is fully qualified in the primary/duty MOS in which retention is requested.

(3) Copy of DA Form 705 (Army Physical Fitness Test Scorecard), from officer verifying he or she has successfully completed the Army Physical Fitness Test (APFT) in the past year.

(4) Statement indicating current height and weight, and identification of any existing medical conditions for which the officer is receiving treatment.

(5) A statement signed by the applicant that he or she has not applied for or been granted retired pay.

(6) A recommendation from the appropriate commander on whether retention of this officer is in the best interest of the ARNG and is required to satisfy a current mobilization requirement shortfall in the officer's MOS.

(7) Copy of NGB Form 23A (RPAS).

c. All requests for retention, approved or disapproved by the TAG must be forwarded to the Chief, National Guard Bureau, ATTN: NGB-ARP-PO. Documentation will be reviewed, and a Federal Recognition order published granting the retention for valid requests.

d. State TAGs' must personally sign all requests for retention.

## Chapter 5 Attachments

### 5-1. General

a. Warrant officers normally will be expected to train with the unit to which assigned. If this is not practical, they may be authorized to train with other units in an attached status provided such training meets the training standards set forth in FORSCOM/NGR (AR) 350-2. Attachments will be of the shortest duration possible.

b. Warrant officers in attached status may be considered for promotion and extended Federal recognition in a higher grade provided they meet the time-in-grade and military education requirements for the parent unit position assigned in. The recommendation for promotion must be initiated by the officers parent unit commander.

### 5-2. Attachment authority

a. Adjutants General are authorized to attach warrant officers under their jurisdiction within their State, and with the consent of the appropriate Adjutant General when attachment is to a jurisdiction outside their State. This authority may not be further delegated. Except for OCS cadre, periods of attachment will not exceed 1 year subject to the following limitations:

(1) Female warrant officers will not be attached to units or positions restricted by AR 611-112.

(2) Due to the performance evaluation system, attachment of a warrant officer, senior to a warrant officer commander of the contemplated unit of attachment is not authorized.

b. Warrant officers will be relieved from attachment when:

(1) The warrant officer's unit of assignment or attachment is ordered to active duty under Title 10, United States Code, section 12302, or mobilized.

(2) Completion of the period of attachment as stated in published orders.

### 5-3. Administration and records

a. For attachment within the same State, the commander of the unit of attachment is responsible for administration, and/or training as indicated in the attachment order. Attachments for less than 30 days will not include attachment for pay. Commander of attached unit will provide a certificate of training duty performance/attendance to the unit of assignment to support attendee's pay entitlement. Only attachments for periods of 30 days or more will include attachment for pay.

b. For attachment in another State, and when agreed by both State Adjutants General, attachment for periods over 30 days may include attachment for pay. Out of State attachments that do not specify a pay provision will be paid through the parent unit based on certificates of duty performance. Pay administration for all soldiers will be as directed by NGR (AR) 37-104-3,

NGR Pam (AR) 37-104-3, and NGB Pam (AR) 37-104-10.

c. Attachment orders will cite this chapter as the attachment authority and will state whether the attachment is for training, pay, and/or administration. The officer's MPRJ will be processed as directed by the Adjutant General. Effective date of attachment must be at least one day later than the date the soldier is assigned to the parent unit.

## Chapter 6 Military Occupational Specialty (MOS) Redesignation

### 6-1. General

This chapter provides policies and procedures for warrant officer MOS redesignation (first 4 characters), special qualification identifiers (SQI), additional skill identifiers (ASI), and language identifier code (LIC) awards. It does not apply to initial MOS designations upon appointment in the ARNG. All warrant officers must achieve qualification in their duty MOS, SQI, ASI and LIC, for the positions they are assigned to. Qualification requirements are established by the appropriate DA MOS proponent as prescribed in AR 611-112.

### 6-2. Authority Title 32 United States Code, Section 307.

### 6-3. General policy and procedures for MOS redesignation

a. Redesignation of a MOS will be accomplished by approval authority of the State Adjutant General, based on: recommendation of the State's officer personnel manager (OPM); Federal Recognition Board action (when necessary); and/or supported by the DA MOS proponent's certification; or verified prior service in the requested MOS in accordance with the standards prescribed in AR 611-112.

b. Authority to redesignate a MOS may be delegated by State Adjutants General not lower than to the State's OPM at the STARC or equivalent level.

c. An MOS redesignation will be necessary and should be accomplished only to comply with assignment criteria and career progression.

d. An MOS redesignation will normally occur only when:

(1) A warrant officer requests redesignation to achieve military technician position compatibility or changes residence to an area where unit vacancies in the MOS held are limited.

(2) A change in a warrant officer's physical profile restricting performance in the current MOS.

(3) The State OPM recommends a change to meet State needs and long-term career development of warrant officers.

(4) Unit reorganizations resulting in an inability of the State OPM to place a warrant officer in a new duty position for which qualified within a one year period (see paragraph 6-4).

(5) No other qualified warrant officers are available for assignment to the position vacancy.

(6) Warrant officers aviators become qualified to operate a different series or model of aircraft.

e. Prior to MOS redesignation, all warrant officers must be either certified by the appropriate DA MOS proponent or have creditable prior service as a warrant officer in the requested MOS in accordance with the standards in AR 611-112. See also paragraph 6-4 of this regulation for exceptions during unit reorganizations.

f. MOS redesignation will be initiated by or with the consent of the warrant officer concerned.

(1) The action will normally be requested by the warrant officer or unit commander in memorandum format (see figure 6-1) through channels to the Adjutant General. Memorandum will include evidence of the warrant officer's qualification for the new MOS. This evidence will be in the form of a document from the appropriate Department of the Army MOS proponent certifying qualification in the requested MOS. For aviation related MOS redesignation, the only documents required are a certification from a Instructor Pilot (IP), favorably endorsed by the State Aviation Officer. If MOS qualification is based on the warrant officer having held the requested MOS previously, the Federal recognition order previously awarding the MOS will be provided as evidence of MOS qualification.

(2) The State Adjutant General will either approve or forward the request for Federal recognition board action (see fig 6-1) or disapprove the request. Federal recognition board action is not required for warrant officer aviators who have become qualified to operate a different series or model of aircraft.

g. Upon the recommendation of the Federal recognition board and approval of The Adjutant General, the State will issue the MOS redesignation orders (format 370). These orders will become part of The Adjutant General's recommendation to the Chief, National Guard Bureau, (see fig 6-2) for issuance of permanent Federal recognition in the new MOS.

h. The newly awarded MOS will become either the primary or an additional MOS. If the new MOS becomes the primary designator, the MOS from which redesignated should be awarded as an additional or secondary MOS.

#### 6-4. Unit reorganization

a. Warrant officers whose duty positions are deleted or duty position MOS changed due to unit reorganization may be assigned to a position with a different duty MOS. Warrant officers assigned to positions with a MOS different than their primary or additional MOS must be certified in the new MOS by the appropriate DA MOS proponent within two years of assignment.

b. Certification in the new duty MOS is accomplished through on the job training (OJT) and/or satisfactory completion of appropriate proponent school. Federal recognition board action is required prior to award of a new MOS. Affected warrant officers should initiate this action to become proponent certified in the new MOS prior to the reorganization. Failure to become fully qualified within two years of the new duty MOS assignment, will necessitate termination of the warrant officer's State appointment IAW paragraph 10-

2a(12)(a) this regulation, until superseded by NGR 635-100.

#### 6-5. Exemption from Federal recognition board appearance

Applicants being considered for an MOS redesignation, do not need not appear in person before the FRB unless they or the president of the FRB so desire.

#### 6-6. Award of an SQI, ASI, and LIC

Upon determination that a warrant officer meets all of the special requirements of AR 611-112, AR 611-6 and approval of the State Adjutant General, the State OPM will issue a Memorandum to the affected warrant officer announcing the award of a SQI/ASI/LIC (see sample format at Fig 6-3).

## Chapter 7 Promotions

### 7-1. Responsibility

The promotion of warrant officers in the ARNG is a function of the State. As in original appointments, a warrant officer promoted by State authority has a State status in the higher grade under which to function. However, to be extended Federal recognition in the higher grade, the officer must satisfy the requirements prescribed herein.

### 7-2. Promotion criteria

**a.** Promotions will be based on: DA proponent duty MOS certification via satisfactory completion or constructive credit of appropriate level of military education; time in grade; demonstrated technical and tactical competence; and potential for service in the next higher grade as determined by a Federal Recognition Board. Promotion will not be used solely as a reward for past performance. Neither a soldier's marital status nor the employment, educational pursuits, or the volunteer service activities of his or her spouse may be considered when determining whether to recommend a soldier for Federal recognition.

**b.** Except as provided in this chapter, promotions will be accomplished only when an appropriate MTOE or TDA position vacancy exists in the unit.

**c.** Promotions will support equal opportunity goals and will be made without regard to race, color, religion, sex, or national origin.

**d.** All warrant officers recommended for promotion must be fully qualified under the terms of this regulation. In addition, warrant officers must also possess those additional requirements of AR 611-112 or other document(s), which stipulate a requirement to be qualified in an Additional Skill Identifier (ASI), and/or Skill Qualification Identifier (SQI).

**e.** Warrant officers may be promoted up to the grade of CW4 without regard to the Standard of Grades limitations shown in TOE/MTOE/TDA/TAADS documents or those listed in AR 611-112.

### 7-3. Promotion as a Reserve warrant officer of the Army

A warrant officer who is promoted by the State and extended Federal recognition in the higher grade will be concurrently promoted to the higher grade in the Reserve of the Army with assignment to the Army National Guard of the United States (ARNGUS).

### 7-4. Computation of promotion service to determine Promotion Eligibility Date (PED)

**a.** An ARNG warrant officer's years of promotion service are computed by adding all service performed in the current permanent warrant officer grade. A warrant officer released from active duty after 30 September 1986 will be credited with service performed in the equivalent temporary (AUS) warrant officer grade held at the time of the warrant officer's most recent appointment in the Reserve of the Army.

**b.** No service will be counted more than once.

### 7-5. Personnel security screening

A favorable security check in accordance with AR 380-67 is required for promotion.

### 7-6. Wearing of insignia

The wearing of insignia of the higher grade is not authorized until Federal recognition has been extended by the CNGB. All insignia of grade and branch will be worn as prescribed by AR 670-1. Frocking of warrant officers is not authorized.

### 7-7. Eligibility for promotion

**a.** To be considered for Federal recognition and concurrent Reserve of the Army promotion following State promotion to fill a unit vacancy, an ARNG warrant officer must—

- (1) Be in an active status and DMOS qualified.
- (2) Be medically fit in accordance with AR 40-501 and meet the height and weight standards prescribed in AR 600-9.
- (3) Have completed the minimum years of promotion service indicated in table 7-1.
- (4) Have completed the minimum military education requirements prescribed in table 7-2.
- (5) Have passed an APFT within the time frame prescribed below.

**a.** Six months from promotion effective date for AGR soldiers.

**b.** Twelve months from promotion effective date for non-AGR soldiers.

**NOTE:** A warrant officer who has failed the APFT or failed to take the APFT should be flagged in accordance with AR 600-8-2 and is not eligible for promotion until such time he/she has satisfactorily passed the standard or an alternate APFT.

(6) For promotion to CW5, a warrant officer is required to be assigned to an MTOE/TDA duty position coded MW, W5, or to a position certified by the appropriate DA MOS proponent as approved for coding as a W5.

(7) Execute the Oath of Office (DA Form 71) as a commissioned warrant officer when promoted to CW2.

(8) Must be recommended by the warrant officer's immediate commander. See figure 7-1.

**b.** Warrant officers accessed from other components or services must meet the promotion requirements of this regulation regardless of their promotion eligibility prior to their Federal recognition in the Army National Guard.

**c.** An ARNG warrant officer who has been in the ING or appointed from the USAR serving in an inactive status, (USAR REINF is not considered inactive status), will not be considered for promotion to the next higher grade until at least one year after the date of return to an active status regardless to time in grade served.

**d.** Warrant officers to be recertified in a new MOS due to reorganization or inactivation remain MOS qualified for promotion purposes for a period of one year from the effective date of the reorganization or inactivation provided all education requirements are met in the old MOS.

**7-8. Minimum years of promotion service**

A warrant officer must complete the minimum years of promotion service as shown in **Table 7-1**, to attain eligibility for promotion and receive Federal recognition in the higher grade:

**Table 7-1**  
**Minimum Time-In-Grade for Promotion**

Grade	Years in Lower Grade
WO1 to CW2	2
CW2 to CW3	6 See note
CW3 to CW4	6 See note
CW4 to CW5	5

**Note:** Warrant officers in grade position rank coded higher than his/her current grade may be considered for promotion upon completion of five years in the lower grade.

**7-9. Military education requirements**

**a.** The military education levels shown in **Table 7-2** must be attained prior to the effective date of next promotion.

**b.** AGR warrant officers must complete all professional development courses in residence at an active Army school. See paragraph 7-9d below for exceptions.

**c.** Effective 1 April 1995 all other warrant officers (civil service technicians and traditional warrant officers) may complete Reserve Component (RC) configured courses applicable to their current duty MOS in order to meet the military education promotion requirement. There are no RC configured courses for the Warrant Officer Staff, or Senior Staff Courses (WOSC, WOSSC).

**d.** Any warrant officer who completed a Army Correspondence Course Program (ACCP) comparable to: RC configured Warrant Officer Technical and Tactical Certification (WOTTC), or, Warrant Officer Basic Course (WOBC), or, Senior Warrant Officer Training (SWOT), or, Warrant Officer Advanced Course (WOAC) applicable to their current duty MOS has met the military education promotion requirement.

**e.** Warrant officers assigned to positions for which they are not duty MOS qualified are not eligible for promotion until determined so qualified by certification from the DA MOS proponent. All warrant officers must complete proponent certification requirements for the new duty MOS within two years from the date of assignment (see also Chapter 6 for MOS redesignation).

**Table 7-2.**  
**Minimum Military Educational Requirements for Promotion and Time in Current Grade Required for Course Enrollment**

As an exception, for those specialties which do not have courses for either SWOT or WOAC, the minimum requirements for promotion to CW3 is the completion of WOTTC or WOBC and the common core prerequisite studies administered by the WOCC.

**Note 2.** Effective with implementation of this regulation, the minimum military education requirements for promotion of warrant officers to the grade of CW4 who have not completed a WOAC or SWOT due to lack of such courses in their MOS is the completion of WOTTC or WOBC and the Warrant Officer Staff Course (WOSC).

**7-10. Physician Assistant (PA) warrant officer educational requirements for promotion**

PA's must successfully complete the AMEDD Officer Advanced Course or AMEDD Reserve Component Officer Advanced Course for promotion to CW3. The PA military education requirements for promotion to CW4 are as stated above.

**7-11. Promotion of ARNG warrant officers serving on Title 10 AGR Tours**

a. Upon determining that a warrant officer serving on Title 10 AGR tour managed by NGB is eligible for promotion, a Memorandum prepared by the first line supervisor IAW Figure 7-1 herein, will be forwarded to Chief, Tours Management Office, **ATTN: NGB-ARP-T**, 111 So. b. The Title 10 AGR Tour Management Office will review the request and if determined to be valid will

forward correspondence to the warrant officer's parent State recommending promotion action to the next higher grade. Tour Management Office will grant an additional TDA allocation commensurate to the recommended grade, and withdraw the current grade. If the State concurs with the requested action and the officer is determined qualified for promotion by a Federal Recognition Board, the State will publish orders citing this regulation as the promotion authority.

c. If the State does not desire to promote the warrant officer, the NGB Tour Management Office, will be notified in writing and the promotion action terminated upon notification of the soldier.

## Chapter 8 Civilian Education

### 8-1. General

As a reflection of the Total Army, the demand for higher educated warrant officers within the ARNG has escalated sharply in recent years, and promises to continue to do so into the 21st Century. Warrant officers must achieve even higher levels of education as equipment, systems, training and missions become more sophisticated.

### 8-2. Civilian education goals

The goal for ARNG warrant officers is to attain a specialty related associate degree or 60 college semester hours by the 8th year of warrant officer service. An additional goal is to attain a baccalaureate degree by the CW4 promotion point.

## Chapter 9 Federal Recognition Boards

### 9-1. General

Warrant officers of the ARNG are appointed and promoted by the States under Article 1, Section 8 of the U.S. Constitution. In order for a warrant officer to be concurrently appointed, promoted, or receive an MOS redesignation as a Reserve warrant officer of the Army, the State action must be federally recognized. Federal recognition action is the process which ensures that an officer appointed, promoted, or redesignated to an authorized grade and position vacancy in the ARNG meets the prescribed laws and regulations. This chapter outlines the personnel actions requiring examination for Federal recognition and for the conduct of a Federal Recognition Board (FRB).

### 9-2. Authority

Under Title 32, USC, section 307, a board of officers will be convened to determine whether applicants for Federal recognition meet the medical, moral, and professional qualifications to perform the duties of the grade and position for which examined. A warrant officer who is federally recognized is tendered an appointment as a Reserve Warrant Officer of the Army with assignment to the ARNGUS (Title 10, USC, section 12211).

### 9-3. Appointment

Federal Recognition Boards are appointed by the numbered Continental US Army (CONUSA) commanders having jurisdiction over the States. These appointments are made for the Secretary of the Army. The Senior Regular Army Advisor (SRAA) assigned in each State is the delegated authority to appoint commissioned officers and warrant officers authorized to become members of FRB and to sign the appointment order for the CONUSA Commander.

### 9-4. Composition

A Federal Recognition Board will consist of a total of three commissioned officers of the Active Army and the ARNG. In the selection of officers (which may include

commissioned warrant officers) from the ARNG, State Adjutants General may also nominate officers to the SRAA for membership.

a. All members of an FRB must be at least one grade senior to the applicant who is to be examined for promotion. For other actions (such as appointment and MOS redesignation), all officers on an FRB must be at least a captain or chief warrant officer senior in date of rank to the applicant who is to be examined.

b. One, and preferably two, of the three officers of the board will be from the Active Army. The remaining officer(s) will be from the ARNG and must be in an active ARNG status. The Active Army officers may be from any of the three components; RA, ARNGUS, or USAR on the Active Duty List. USAR officers not serving on the Active Duty List are not eligible for membership. When it is determined by the CONUSA Commander that Active Army officers are not available, ARNG officers may be detailed in their place. If no Active Army officers are members of the board, at least one ARNG officer must be serving on full time National Guard duty (FTNGD) status authorized by Title 10 or 32, U.S.C. Each ARNG officer must be federally recognized in the grade and branch required for membership on the board. The assignment of ARNG officers in place of Active Army officers should be used as a last resort.

c. The senior member of the board will serve as president of the board.

d. A minimum of one member and preferably two should be in the same branch (federally recognized if ARNG officers) as the applicant to be examined.

e. When available, a commissioned Army aviator will be included as a member of the board when considering applicants for appointment with assignment to an aviation position.

f. Whenever possible, board membership should include a minority group or female officer when considering minority group or female applicants.

g. Readiness Groups may be requested to nominate Active Army officers for board membership. Whenever possible, boards will be convened using internal assets. Where this is not possible, The Adjutant General may authorize the SRAA to coordinate directly with the Readiness Group supporting State training, other Active Army activities, or adjoining State Army National Guard headquarters.

### 9-5. Board site

The FRB should be established at the State headquarters level to provide a uniform basis for selection and to assure that only candidates possessing full qualifications and high potential for success as warrant officers are appointed or promoted. When geographical considerations warrant the designation of multiple board sites, their number should be strictly limited, and each board will be given identical guidance.

### 9-6. Notification to applicants

a. Upon the board's receipt of applications and allied papers required by the regulations under which individuals are applying for Federal recognition, the president of the board will notify the applicant(s) of the time and place to appear before the board if required.

b. Applicants will be so scheduled that, so far as practicable, no one need to spend more than one day at the board site.

c. When possible, applicants for the same branch will be scheduled in sequence so that the board member(s) of that branch may sit without interruption.

d. The applicant will be advised in advance of the board date of any additional information desired by the board or required by regulations to correct or complete an application.

#### 9-7. Procedure

Full membership of a board constitutes a quorum. If all members are not present, the board will adjourn until such time as the attendance of all members can be obtained. If all members cannot be assembled within a reasonable time, the president of the board will report that fact to the State Adjutant General or his designee.

a. Conduct of the board. The board will assemble at the time and place designated and proceed as follows:

(1) The board recorder will read the order appointing the board.

(2) If challenges are received, follow procedures prescribed in 9-7b, below.

(3) The recorder will administer the oath to all members of the board. The President in-turn, will administer the oath to the recorder. Oaths are as follows:

(a) By the recorder to members of the board; "You, \_\_\_\_\_, do solemnly swear (or affirm) that you will, without prejudice or partiality, and having in view both the special fitness of officers and the efficiency of the Army, perform the duties imposed upon you, that you will exercise the highest integrity throughout these proceedings, and further, that you will not divulge the proceedings or results thereof pertaining to the selection or nonselection of individual officers except as may be directed by proper authority."

(b) By the president to the recorder; "You, \_\_\_\_\_, do solemnly swear (or affirm) that you will, without prejudice or partiality, and having in view both the special fitness of officers and the efficiency of the Army, perform the duties imposed upon you, that you will exercise the highest integrity throughout these proceedings, that you will keep a true record of the proceedings of this board, and further, that you will not divulge the proceedings or results thereof pertaining to the selection or nonselection of individual officers except to proper authority."

(4) The recorder will brief the members of the board as to their responsibilities.

(5) The president of the board will discuss the Memorandum of Instructions with the members of the board.

(6) The board will interview all applicants in person for initial appointment or when required as follow:

(a) Applicants being considered for promotion need not appear in person, unless the president of the FRB so desires.

(b) Applicants being considered for MOS redesignation need not appear in person, unless the president of the FRB so desires.

(c) The State Adjutant General may waive in extreme circumstances, the board appearance of an applicant for initial appointment.

b. Challenges. Each applicant appearing in person will be given an opportunity to challenge any member or members for causes as follows:

(1) Only one challenge will be made at a time.

(2) The applicant will declare the cause on which each challenge is based.

(3) The board, exclusive of the challenged member, will determine the validity of the challenge.

(4) When a challenge is sustained, the board will suspend proceedings and transmit the record of proceedings to the State Adjutant General or his designee, which may include the Senior Army Advisor.

(5) The State Adjutant General or his designee may:

(a) Approve the action of the board and replace the challenged member, or

(b) Disapprove the action of the board and direct the board to proceed.

c. The president of the board will advise the applicant that all statements made to the board and all forms submitted in connection with the application for Federal recognition will be verified against available records, and the disclosure of any false or incomplete statement may be cause for denial of Federal recognition by the Chief, National Guard Bureau.

d. The board will determine from the records submitted and/or personal interview, whether or not the applicant meets all requirements for federal recognition in the grade and military occupational specialty (MOS) for which being examined. See paragraph 9-8 through 9-11 below.

e. If at any time during the examination it is determined that the applicant is not qualified, the examination will cease, and the applicant will be excused. The findings and recommendations of the board will be indicated on the NGB Form 89, (Proceedings of a Federal Recognition Examining Board), IAW paragraph 9-12.

#### 9-8. Examination

a. **General qualifications.** The board will determine the general qualifications of each applicant to evaluate suitability for military service in the grade and MOS for which federal recognition is being applied for by considering:

(1) Military and civilian education, age, mental aptitude, citizenship, personal character, leadership traits, and motivation.

(2) Military, business, and professional experience.

(3) Responsibilities that will devolve upon the applicant.

(4) Review of the applicant's enlisted or officer evaluation report file.

(5) Security requirements and evidence that proper screening has been initiated or completed.

b. **Medical qualifications.** In determining the medical qualification of an applicant, the board will not be limited to a review of the records submitted but may, if indicated, require additional medical evidence or examination. If any records or other evidence indi-

cate that the applicant is medically disqualified, the board will conclude its examination and report the cause that produced the disqualification.

**c. Physical fitness standards.**

(1) Weight/body fat standards in AR 600-9 apply for all warrant officers to include initial appointment.

(2) Warrant officers who have failed the most recently administered Army Physical Fitness Test (APFT), or have not taken the standard/modified APFT within the time frame prescribed in AR 350-41 will be flagged IAW AR 600-8-2 and be in a nonpromotable status. See also, paragraph 7-7a(5) of this regulation.

(3) Warrant officers on temporary physical profile(s) may be examined by a FRB to determine if otherwise qualified. The effective date of promotion will be contingent upon satisfying the APFT requirements.

**d. Integrity and character.** Throughout the selection process, consideration must be given to a warrant officer's integrity and moral character. These constitute the real foundation of successful leadership. A warrant officer who has sacrificed his or her integrity has forfeited the respect and trust of those with whom he or she serves. Absolute integrity of word, deed, and signature is a matter that permits no compromise. Thus, the individual officer bears great responsibility for the establishment and observance of scrupulous ethical and moral standards. Nonselection properly may be based on a major action, relief for cause, demonstrated cowardice, lack of integrity, moral turpitude, or professional ineptitude. The board will inquire into the moral character of the applicant, is authorized to seek verification in writing of the statements made by the applicant, and may seek additional information from reliable sources to clarify any unfavorable situations. The applicant will be informed of any unfavorable statements of facts relative to moral character and will be given an opportunity to refute or explain such statements.

**e. Professional qualifications.** It is within the prerogatives of the board to prescribe such written or by practical test, as it deems professional examinations, either necessary to determine the professional qualifications of the applicants if the records indicate that such is desirable. In determining applicant professional qualifications, the board will be guided by AR 611-112 and technical certification documentation or appropriate military education course completion certification from the applicable MOS proponent.

**9-9. Appraisal of experience**

**a.** Applicants without prior warrant officer service who are not graduates of an OCS or WOCS course will be examined in the following manner. After reviewing the application and allied papers, the board will then question the applicant on personal history, training, and experience to supplement the facts shown in the application and allied papers. Technical competence will be determined from the DA MOS proponent's evaluation of the applicant's predetermination packet. A favorable endorsement from the DA MOS proponent on the predetermination packet is evidence of the applicants' technical competence.

**b.** Applicants with prior warrant office service, OCS, or WOCS credit will be examined in the following

manner. The board will examine the application and allied papers and may question the applicant regarding experience. Matters which are listed in paragraph 2-15, but which were waived by the CNGB prior to the applicant's appointment, will not by themselves be the basis of finding the applicant unqualified for Federal recognition. Additionally, the applicant's evaluation reports, inspection reports, and AT evaluations that cite the officer's manner of performance will be thoroughly reviewed to determine general fitness. The determination that the applicant's technical competence is sufficient for certification and award of an MOS can be determined only by the appropriate DA MOS proponent.

**9-10. Appraisal of promotion qualifications**

Applicants for promotion will be examined IAW Chapter 7 of this regulation and the current Memorandum of Instruction providing Secretary of the Army guidance to FRB members regarding standards for promotion of ARNG warrant officers as Reserve warrant officers of the Army.

**a.** Warrant officers may be examined for promotion not earlier than three (3) months in advance of completing the prescribed requirements of chapter 7 this regulation so that, if recommended by a FRB, promotion may be effected on the date the promotion requirements are met.

**b.** Federal Recognition Boards convening to examine promotion of warrant officers who have passed their Promotion Eligibility Date (PED), may, if so recommended and determined fully qualified on PED, consider granting temporary federal recognition retroactive to that date, but not earlier than 90 days from the date of the FRB.

**9-11. Determination of qualifications of warrant officers of other Army components**

Warrant officers applying for Federal recognition in the same grade and MOS as that held in another Army component (RA/USAR) are exempt from FRB examination. Warrant officers seeking appointments in the ARNG in an MOS other than those they currently hold must appear before a FRB for a determination of their qualifications after favorable predetermination of the MOS is received.

**9-12. Findings**

**a.** The findings and recommendations of the board will be reported on an NGB Form 89. This form shall be regarded as privileged information, marked "FOR OFFICIAL USE ONLY," and forwarded to The Adjutant General through the Senior Army Advisor. If the applicant is found "not qualified," the reasons will be indicated on the NGB Form 89.

**b.** After adjournment, members are encouraged to familiarize other officers with Federal recognition board procedures in general. However, specific analysis of the board's proceedings selection or nonselection of individual officers, whether recorded or unrecorded, will not be disclosed, except as directed by appropriate authority.

**c.** Board membership will not be revealed until the board adjourns. The board will not adjourn until au-

thorized to do so by The Adjutant General or his designated representative.

#### 9-13. Unanimity of recommendations

To receive a favorable recommendation for Federal recognition, the board must recommend in unanimity. Less than a unanimous recommendation by the board will be regarded as an unfavorable recommendation.

#### 9-14. Reconsideration for Federal recognition

**a.** An applicant who is not recommended for Federal recognition upon consideration by the FRB may be authorized by The Adjutant General to be considered by a subsequent FRB when evidence indicates that a material error existed in the record or that the deficiency for which the individual was initially rejected no longer exists and the applicant meets all other requirements specified for initial consideration.

**b.** Subsequent Federal Recognition Boards will not consist of any member(s) who previously examined an applicant that was not recommended for the action requested.

#### 9-15. Procedures upon completion of examination by the FRB

**a.** Upon completion of the examination of each applicant, the examining board recorder will prepare a written record in duplicate, of the proceedings using NGB Form 89. Include as exhibits any documents the board deems pertinent to their findings and recommendations and as such are required to become a part of the record of proceedings.

##### **b. Temporary Federal Recognition.**

(1) Temporary Federal recognition may be granted by the FRB to those eligible, as indicated in paragraph 2-3, when the board finds that the applicant:

**(a)** Has successfully passed the examination prescribed herein.

**(b)** Has subscribed to the oath of office (NGB Form 337), and if appointment or promotion is to the grade of CW2, the Oath of Office--Military Personnel (DA Form 71).

**(c)** Has been appointed by a State order for assignment to a position vacancy in a Federally recognized unit of the ARNG.

(2) Temporary Federal recognition shall be effective on the date that final action prescribed by paragraph 9-15b(1) above is accomplished.

(3) In the case of an applicant being found qualified for Federal recognition as a warrant officer, W1, except for the successful completion of the warrant officer candidate course, the following statement will be entered on the NGB Form 89: "The applicant is qualified for appointment as a warrant officer in the Army National Guard and is selected for entry into WOCS. Applicant is extended temporary Federal recognition as a warrant officer W1 as provided by NGR 600-101, to be effective from the date of successful completion of WOCS. (4) In the case of an applicant being found qualified for Federal recognition as a Chief Warrant Officer,

CW2, in accordance with paragraph 2-10b and/or 2-10c of this regulation, credited with completion of WOCS, and Department of the Army MOS certified, the following statement will be entered on the NGB Form 89: "The applicant is qualified for appointment as a chief warrant officer, W2, in the Army National Guard as provided by NGR 600-101, to be effective (Date)."

(5) In the case of an applicant being found qualified for Federal recognition as a Chief Warrant Officer, CW2, in accordance with paragraph 2-10b or 2-10c this regulation, but not Department of the Army proponent certified, the following statement will be entered on the NGB Form 89: "The applicant is qualified for appointment as a warrant officer in the Army National Guard and is extended temporary Federal recognition as a warrant officer, W1, as provided by NGR 600-101, effective (Date). The applicant is promotable to the grade of Chief Warrant Officer, CW2, to be effective upon Department of the Army proponent MOS certification without further FRB action."

The applicant is promotable to the grade of Chief Warrant Officer, W2, to be effective from the date of the Department of the Army MOS certification without further Federal Recognition Board action."

#### 9-16. Disposition of records

**a.** All records of the board are subject to review and approval by the CNGB, on behalf of the Secretary of the Army.

If the proceedings are found to contain administrative errors or to be incom-

plete, they will be returned to the board with instructions.

c. The SRAA will endorse administratively correct and complete proceedings to The Adjutant General. The SRAA endorsement will indicate the board was conducted IAW this regulation and the current Secretary of the Army memorandum of instructions to the Army National Guard Federal Recognition Board.

#### 9-18. Actions required by The State Adjutant General

The Adjutant General will take the following action when:

a. The applicant is favorably recommended by the board;

(1) Examine the application for completeness of the NGB Form 89, NGB Form 337, and any other documents entered into the record of the board, to include those related documents shown in **Appendix B** of this regulation.

(2) Endorse the application to the Chief, National Guard Bureau, **ATTN: NGB-ARP-CO**. As an exception, Federal Recognition Board actions relative to examination of initial entry warrant officer applicants will not be forwarded to CNGB until after the candidate successfully completes WOCS.

b. Personnel actions forwarded to CNGB for award of permanent Federal Recognition will be assembled in accordance with standardized checklists shown in **Appendix C** of this regulation.

c. If applicant is not favorably recommended by the board, notify the rejected applicant through the channels used for submitting the application furnishing the reason for disqualification. (\* This Chapter will be superseded by revised NGR (AR) 635-100 on its implementation date.)

### 10-1. Authority

Sections 323 and 324, Title 32, United States Code, Army Regulation 135-175 and NGR (AR) 635-100.

a. The termination of a warrant officer's appointment in the Army National Guard is a function of the State.

b. The withdrawal of Federal recognition of a warrant officer is a function of the Chief, National Guard Bureau.

c. The discharge of a warrant officer from his or her appointment as a Reserve Warrant Officer of the Army is a function of the Secretary of the Army.

d. All appointments are automatically terminated upon death. In such cases, DD Form 1300, Report of Casualty, will be submitted to the Chief, National Guard Bureau, **ATTN: NGB-ARP-CO**, immediately upon receipt of the death certificate. Separation order is not required.

### 10-2. Criteria

a. The appointment of an ARNG Warrant Officer should be terminated for the following reasons:

(1) If the appointment is contrary to State law and regulation, the Chief, National Guard Bureau will be notified and Federal recognition withdrawn.

(2) Resignation.

If accepted, the State Adjutant General will publish orders separating the warrant officer from the ARNG appointment, and furnish copies to the CNGB, **ATTN: NGB-ARP-CO**. The resignation may be concurrent, if so requested by the affected individual, from the ARNG and as a Reserve of the Army for warrant officers without a remaining service obligation. In such cases, the MPRJ with copies of the separation orders must be furnished to the Commander, ARPERCEN, **ATTN: DARP-SPR-R**, 9700 Page Boulevard, St Louis, MO 63132, for separation from his or her Reserve of the Army status.

(b) When the resignation of an ARNG Warrant Officer has been accepted and Federal recognition withdrawn, revocation of the separation order will not be considered as a basis for restoration of Federal recognition. (c) Resignation in lieu of efficiency or physical fitness board action under NGR 635-101 will be processed in accordance with that regulation.

Under no circumstances should resignation be accepted from those warrant officers in default of property or funds.

the Reserve of the Army until completion of the obligation.

(3) Unless retained by Federal Recognition Order, all warrant officers who are not earlier removed from an active status for other reason(s), must be removed from an active status in the Army National Guard of the United States on the last day of the month in which they attain age 60.

(4) Absence without leave or reported as unsatisfactory participant for three months.

(9) Employment with any foreign government or any concern controlled in whole or in part by a foreign government, unless prior approval is granted by the Assistant Secretary of the Army (M&RA) and the Department of State.

**Total Warrant Officer System (TWOS)**

A warrant officer life cycle personnel management system recommended by the Total Warrant Officer Study group and approved by the Chief of Staff, Army on 24 June 1985.

**Warrant Officer**

An officer appointed by warrant or commission by the Secretary of the Army, based on a sound level of technical and tactical competence. A warrant officer is a highly specialized expert and trainer who, by gaining progressive levels of expertise and leadership, operates, maintains, administers, and manages the Army's equipment, support activities, or technical systems for an entire career.

**Warrant Officer Candidate School (WOCS)**

WOCS is the six week Active Component (AC) version resident school which provides warrant officer candidates, training in the fundamentals of leadership and basic military skills. This training is conducted in a high-stress environment where candidates are subjectively evaluated by Training, Advising, and Counseling (TAC) officers. Candidates are also evaluated by hands-on performance and written examinations. Attendance at the Active component resident WOCS is optional although it is preferred.

**Warrant Officer Candidate School for Reserve Components (WOCS-RC)**

WOCS-RC is the six week active component WOCS course condensed into two two-week phases conducted back-to-back. WOCS-RC is designed for Reserve Component warrant officer candidates who are

limited by time constraints from attending the AC WOCS version.

**Warrant Officer Basic Course (WOBC)**

Was previously known as the Warrant Officer Technical and Tactical Certification (WOTTC). WOBC is the warrant officer entry level certification of qualification and award of a Military Occupational Specialty (MOS) by a DA MOS proponent. Warrant Officer Basic Course (WOBC) and WOTTC are synonymous. WOBC is accomplished through successful completion of diagnostic examinations (written or hands-on), successful completion of resident technical certification courses, or resident and nonresident technical certification course modules. DA MOS proponents retain responsibilities for determination of ARNG training requirements.

**Warrant Officer Education System (WOES)**

The levels of warrant officer training system incorporating the Warrant Officer Candidate School, Warrant Officer Basic Course, Warrant Officer Advanced Course, Warrant Officer Staff Course, and the Warrant Officer Senior Staff Course.

**Warrant Officer Advanced Course (WOAC)**

Was previously known as the Senior Warrant Officer Training (SWOT) Course. This training provides additional training for warrant officers serving at company and battalion levels. Until on or about 1 October 1998, the WOAC is the only ARNG requirement for promotion to the grades of Chief Warrant Officer, W3 and W4. Prior to admittance into a WOAC, all warrant officers must have completed the prerequisite common core studies (13 modules) provided by the Warrant Officer Career Center, Fort Rucker, AL. Enrollment in the prerequisite studies is accomplished by request to NGB-ARO-TI.

**Warrant Officer Staff Course (WOSC)**

This new common core four week course (two phases of two weeks each conducted back-to-back) prepares warrant officers to serve in staff positions at the brigade and high levels. This course is currently not a requirement for promotion to CW4. On or about 1 October 1998, this course will become a prerequisite for promotion to Chief Warrant Officer, W4. At this time, WOSC is not a prerequisite for attendance of the Warrant Officer Senior Staff Course.

**Warrant Officer Senior Staff Course (WOSSC)**

The WOSSC is a common core two week resident course conducted at the WOCC, Ft Rucker, AL. This course prepares warrant officers selected for promotion to Chief Warrant Officer Five, to serve at the highest level staff positions. This course is an ARNG requirement for promotion to CW5.
